

Project Demo Planning

Date	15 March 2026
Team ID	SWTID-2026-4683
Project Name	EduGenie: Google Gemini Powered Learning Assistant
Maximum Marks	1 Mark

Project Demo Planning

A well-structured demo plan ensures that the project is presented effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

Demo Sections

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce EduGenie and explain the learning problems it addresses.	2	Dechen
2	Solution Overview	Explain the Google Gemini-powered architecture, main modules, and overall workflow.	2	Dechen
3	Live Feature Demonstration	Demonstrate Q&A;, topic explanation, summarization, quiz generation, and learning recommendations.	5	Dechen
4	User Interface & Workflow	Show the responsive interface, input/output flow, loading states, and reset/clear functionality.	2	Dechen
5	Technical Implementation	Briefly explain the FastAPI backend, Gemini API integration, modules, and project structure.	2	Dechen
6	Q&A; Session	Answer evaluator questions and clarify project features, limitations, and future improvements.	2	Dechen

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	Briefly introduce EduGenie, target users, and the problem of making learning assistance more accessible and interactive.
2	Solution Overview	Explain how the application uses Google Gemini with a FastAPI backend and web-based interface.
3	Live Feature Demonstration	Show the core features: Q&A;, simple explanations, summarization, MCQ quiz generation, and adaptive learning recommendations.
4	Q&A; Session	Respond to evaluator questions and discuss implementation, testing, limitations, and future scope.
